

THE CHRONICLES

JANUARY 2026

ISSUE 04

EAGLE ENDEAVOURS

Our Eagles jumped right back into the school year and started their second half of the academic year strong. With new lesson plans and engaging activities, our students are prepared for the academic endeavors they will embark on this year.

During this month, we welcomed Dr. Talar Chahinian from UCI to our campus to talk with our 4th-6th graders about the importance of preserving the Armenian language and the history behind the dialect we speak today.

FIELD TRIP ROUND UP

AGM's future scientists are learning beyond the classroom walls. This month at the Newport Beach Environmental Nature Center, our 5th and 6th graders explored biomes and the difference between living and nonliving organisms and got hands-on experience testing water

for salinity, pH, clarity, and temperature. Later this month, 4th-6th put their artistry to the test at the Laguna Playhouse. Each of our actors took a tour of the theater and had a chance to perform in group skits and actor exercises.

UPCOMING EVENTS

Elementary Lunch With A Loved One
February 5, 2026

Preschool Breakfast With A Loved One
February 5, 2026

Open House
February 11, 2026

February 12-16, 2026

4-6th Grade Armenian Theater Performance
February 18, 2026

Make-up Picture Day
February 19, 2026

VALUE OF THE MONTH

COMMITMENT

Making a plan and putting it into practice

HEALTH AND WELLNESS MONTH

January at AGM School was all about Health and Wellness as our preschool through 6th grade students celebrated yoga, movement, and exercising both their bodies and minds. Our elementary students enjoyed fresh-squeezed orange juice, learning firsthand how delicious fruits (and veggies!) can be when they're fresh and healthy. We also welcomed a dietitian for our 3rd-6th graders who learned about food groups, healthy habits, and foods to avoid—while playing fun nutrition games and earning bonus prizes for bringing healthy snacks!

BIG BROTHER BIG SISTER PROGRAM

Our Big Brother Big Sister Program is in full effect this month. Our Kindergarten and 6th grade brothers and sisters paired up and bonded over various Armenian games, making connections that will last a lifetime. The 6th graders revisited their old classroom and made new memories with the next generation of AGM Eagles.

PRINCIPAL'S LIST STUDENTS

For academic achievement and excellence in citizenship

Sosi Aghajani	Soline Basmajian
Raffi Balikijian	Karina Harboyan
Datev Berberian	Annabel Keshishian

STUDENT COUNCIL IN ACTION

THE PRESCHOOL POST

This month was filled with lots of fun and adventures in preschool! The children explored cold weather through hands-on sensory play with ice and enjoyed learning all about Arctic animals, sparking curiosity and thoughtful conversations. During PE, the children participated in calming and energizing yoga sessions, practicing balance, stretching, and mindfulness.

We also enjoyed a special visit from Bubble Mania, where the children watched an exciting show followed by bubble playtime. As part of our healthy food theme, we made yummy fruit smoothies together, and the children absolutely loved it! It was a wonderful month of discovery, creativity, and fun!
