AGM CHRONICLES

IT'S SERVICE MONTH!

All month long our students learned about why it is important to give back to our communities, school, and homeland. We kicked off Service Month by building birthday boxes for underprivileged kids with Project Giving Light.

Service Month continued with a visit to the Irvine Regional Outdoor Education Center where the 3rd-6th grades serviced the orchard on the grounds and learned how to make compost. Meanwhile, the K-2nd grades were hard at work doing a campus cleanup at our school.

As the month came to an end, Nyree Derderian, chairperson of the Armenian Relief Society visited our school to share about the different ways the ARS has served Armenians around the world and how our students can get involved to become future leaders of our communities.

UPCOMING EVENTS

March is Reading Month!
*See end of newsletter for attached calendar of events
