MARCH 2026

ISSUE 06

# EAGLE ENDEAVOURS

AGM celebrated reading month all throughout March! Our students took a readers oath to make a promise to always be in pursuit of learning something new through the power of reading. We brought our our crazy sides with crazy sock and hair day just like the author, Dr. Suess. Reading month also allowed our students to come in cozy pajamas,

read outside on picnic blankets, and even shop around at our annual Scolastics Book Fair! We also had some special visitors like parents and author Aline Bezdikian that read to our students. Our 6<sup>th</sup> grader also read some stories to our littlest eagles! This month brought us new ways to challenge our curiosity and learn new things in every page we read!

# SPECIAL GUESTS AT AGM

We were honored to welcome KTLA 5 reporter and proud AGM parent, Jacqueline Sarkissian, to our campus. As our students continue to grow, so does our story,

one rooted in culture, community, and a deep commitment to Armenian education. We are excited to show you all what is coming next month!

# UPCOMING EVENTS

**K-6th Grade Church Visit**  
April 10, 2026

**Armenian Genocide Commemoration**  
April 23, 2026 8:30AM-10AM

**No School**  
April 24, 2026

# VALUE OF THE MONTH

# HUMILITY

Listening when others have something to teach you.

# HOPPING INTO EASTER BREAK

Our students had such a a fun filled day as we headed into Easter break! After a visit from the Easter Bunny, Kindergarten-6th grade put their art skills to the test and presented classroom door decorations that represented the books they have been reading in class. Our preschool teachers, Ort. Astrid and Ort. Meline carefully toured each classroom and chose a rightful winner. Congrats to 3<sup>rd</sup> grade for their winning door display!

# SISTER SCHOOL VISIT

AGMSchool x Mesrobian sister school visit! This month brought our 3rd-6th graders a day of connection, culture, and community, bringing our students together through a shared mission and heritage. Our AGM 4th-6th graders put on their Armenian play presentation for our guests and spent recess and lunch together. We can't wait for the next time our students meet.

# FIELD TRIP ROUND UP

Our **1st graders** visited the Discovery Cube, where they explored a variety of interactive exhibits that brought science concepts to life through curiosity, creativity, and play. It was a day filled with critical thinking and excitement as students engaged with science in a new way. Meanwhile, our **Kindergarteners** laced up their hiking boots and showed off their crazy socks for a trip to the Shipley Nature Center. Surrounded by diverse habitats, they explored local ecology topics through guided outdoor activities and sensory experiences, gaining a deeper appreciation for the natural world right in their own community.

# THE PRESCHOOL POST

March was a meaningful and busy month in our preschool! As we approached Easter, our preschoolers enjoyed coloring eggs and participating in festive art activities that brought lots of excitement to the classroom. We spent time learning about Jesus and the meaning of Easter. Ort. Astrid led special discussions about church traditions during Easter, including the washing of the feet (which she demonstrated in Blue and Orange classes).

We also visited the church, where the children learned about praying and observed the crosses inside the church. It was a special experience that helped them connect what they are learning in the classroom to real-life traditions and practices. Along with our themed activities, we continued to build important skills through circle time and group play. It's been wonderful to see the children grow, connect, and engage more deeply with both their learning and each other.
